EDUCATION

Bachelor of Engineering in Computer Science
Jain College of Engineering & Technology
11/2021 - Present   *9.0 GPA*

PROFESSIONAL EXPERIENCE

Java Full Stack Developer
Student
02/2024 - Present   *Hubli, India*
Achievements/Tasks

- Enhanced application performance by optimizing Java code and implementing efficient algorithms.
- Reduced software bugs by conducting thorough unit testing and collaborating with QA teams.
- Developed user-friendly interfaces for web applications, improving user experience and satisfaction.
- Streamlined user experience with front-end development utilizing HTML, CSS, and JavaScript.
- Developed scalable web applications for improved functionality and user satisfaction.

SKILLS

RESTful APIs · Performance Optimization · Spring Framework · Hibernate ORM · SQL and NoSQL Databases · Spring Boot · Git Version Control · Time Management · Problem Solving · Docker · Java · CSS · Communication · Team Collaboration · Adaptability

PERSONAL PROJECTS

Travel Planner Platform
- Developed a web application to plan and manage travel itineraries.

Sorting Algorithm Visualizer
- Created a visualizer using OpenGL to demonstrate various sorting algorithms.

Quiz Application REST API
- Built a RESTful API using Spring Boot for a quiz application.

CERTIFICATES

Data Structure & Algorithms Using Java
(11/2023 - Present) 🗗
Certified by **NPTEL**
